INTERNATIONAL JURY PROGRAM

October 24 – November 1, 2026

SÃO PAULO · VARGINHA · BRAZIL

Welcome to Brazil

We are delighted to welcome you to the international phase of the **Cup of Excellence Brazil 2026**, a celebration of the finest coffees in the country and of the passionate people who produce them.

Your week begins in **São Paulo** and soon takes you to **Southern Minas Gerais**, the heart of Brazilian specialty coffee. On the way, you will be hosted at **Coopervass**, in São Gonçalo do Sapucaí, before settling in **Varginha**, home of BSCA and one of Brazil's most important coffee hubs.

Over the following days you will calibrate, cup and select the best lots of the year at the **Centro de Excelência em Cafeicultura**, visit Fazenda Monte Alegre, share meals with the producers, cooperatives and exporters who make this competition possible, and close the journey at the **Awards Ceremony in São Paulo** on October 31.

Please do not hesitate to contact our team if you have any questions or special requests. Thank you for being part of this celebration of passion, tradition and excellence in coffee.

FARM TOUR HOST · DAY 7

Fazenda Monte Alegre

Monte Alegre Coffees · Monte Belo, Southern Minas Gerais

Fazenda Monte Alegre was already a traditional, well-known coffee producer in Southern Minas Gerais when the **Vieira family** acquired it in **1917**. Beyond coffee, the family dedicated itself to sugar cane, corn and cattle.

In 1990, **Cia. Monte Alegre** was founded to run the family's land, and in 1991 it became one of the **founders of BSCA**. In 2007 the company adopted the **Monte Alegre Coffees** identity to focus on specialty coffee, and in 2017, the farm's centenary year, it began a partnership with the Swiss company **Sucafina**.

Since its founding, Monte Alegre has invested in protecting forests and water, using sustainable agricultural technologies, selected seedlings, selective harvesting, diverse processing methods and its own infrastructure.

TRANSPORTATION

BSCA coordinates all your transfers: airport to hotel, São Paulo to Southern Minas Gerais, daily trips to the cupping site, dinners, the farm tour, the return to São Paulo and your departure to GRU.

MEALS

BSCA and its sponsors provide meals for judges and observers throughout the official program. Please tell us in advance about any **dietary restrictions or allergies**.

DRESS CODE

Feel free to show us your personal style. The Awards Ceremony dress code is **casual**. Pack spring clothing, a light jacket for the evenings, comfortable closed shoes for the farm tour, sunscreen, mosquito repellent and a small umbrella.

WEATHER

Late October is spring and the start of the rainy season: warm days, mild nights and possible afternoon showers.

16–28 °C · 61–82 °F	16–26 °C · 61–79 °F

MONEY & PAYMENTS

The currency is the **Brazilian Real (R$ · BRL)**. Credit cards and contactless payments are widely accepted; carry a little cash for small purchases. Restaurants usually add an optional **10% service charge**. Bank transfer instructions for advance payments are available on request.

TIME ZONE & LANGUAGE

Brasília Time, **UTC−3** (no daylight saving). The official language is **Portuguese**; English is spoken at hotels, and a translation app is handy elsewhere.

PHONE & CONNECTIVITY

Country code **+55**. Area codes: **11** São Paulo, **35** Southern Minas Gerais. Hotels offer Wi-Fi; a roaming plan or eSIM is recommended for the road trips. WhatsApp is the most common way to communicate in Brazil.

SAFETY

Keep valuables out of sight in busy areas, prefer hotel or app-booked rides and stay with the group on transfers. If anything happens, contact the BSCA team right away.

HEALTH

Drink bottled or filtered water, use sunscreen and repellent, and keep hydrated during cupping days. Bring personal medication in your carry-on. Travel health insurance is strongly recommended.

ELECTRICITY IN BRAZIL

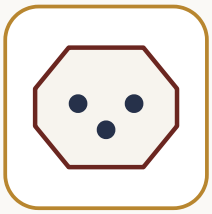

Plugs & voltage

Brazil uses its own plug standard and two different voltages. Please check your devices before plugging them in.

127 V
Standard voltage in São Paulo and Varginha

220 V
Also found in some outlets and cities · check the label

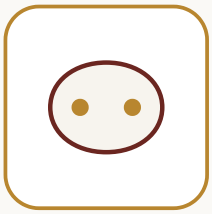

60 Hz
Frequency nationwide

TYPE N

Brazilian standard

Three round pins: two power pins and a ground pin in the middle. Most outlets are the **10 A** version (4.0 mm pins).

TYPE C

Europlug

Two-pin European plugs **fit Type N 10 A outlets** without an adapter.

BEFORE YOU PLUG IN

- Check your charger label: **"INPUT 100–240 V ~ 50/60 Hz"** means it works anywhere in Brazil. Most phone, laptop and camera chargers are dual voltage.
- Single-voltage devices (hair dryers, straighteners, some shavers) need a **voltage converter**. A 110 V-only device plugged into 220 V can be damaged.
- Plugs from the **US/Canada (A/B), UK (G), Australia (I)** and most of Asia need a **travel adapter**. A universal adapter is the safest choice.
- Outlets are often labelled **127 V** or **220 V**. If in doubt, ask the hotel front desk; many hotels lend adapters.
